

Who we are

PainDr.com, an affiliate of Remitigate LLC, brings together a community of leaders in the pain management field and patients enabling unprecedented connection among peers and patients to discuss various clinical and political issues in the pain space.

Dr. Jeffrey Fudin, founder of Remitigate and PainDr.com, is a leader in the pain management field. His goal is to educate and inform clinicians and patients on various pain topics, including medication and alternative therapeutic options and devices. He regularly lectures on these topics and serves as an expert witness nationally.
